HONOLULU AD CLUB WINS "MOST MILEAGE" BANNER

Trophy Offered By Boston Goes to Fifteen Delegates From This City

[Star-Bulletin Special Marconigram] PHILADELPHIA, Pa., June 29.—Honolulu and the Honolulu Ad Club won distinction today in the great convention of the Associated Advertising Clubs of the World.

With 15 delegates present the Honolulu Ad Club was awarded the "mileage banner" offered by Boston for the club which sent its delegates the longest distance to attend the convention.

In the monster pageant which was one of the features of the convention program, Honolulu again scored heavily, with six Hawaiian musicians playing characteristic music and its delegates marching alongside. The Hawaiian display created great enthusiasm.

With Charles R. Frazier leading, the delegation from far Hawaii also featured the islands with the presentation of leis to distinguish visitors at the convention. President Wilson, John Wamamaka, the famous merchant, and Cyrus M. K. Curtis, the Philadelphia publisher, were given leis. Mr. Curtis' interest in the islands and his consistent boosting of Hawaii was recognized by the Ad Club members from Honolulu in presenting him the token of Hawaiian esteem.

PHILADELPHIA PUBLIC LEDGER.

Through special arrangement with the Star-Bulletin the Public Ledger is publishing every day of the convention news from Hawaii for the benefit of Honoluluans attending the big meeting. This arrangement is the result of the interest in Hawaii Mr. Curtis has taken, the outgrowth of his recent visit here, and is in line with the Ledger's effective policy of "serving Philadelphia."

GOULDS TO STOP IN PRIVATE HOME NOT AT HOTEL

Jay Gould, Mrs. Gould and family, who are expected here on the Wilhelmina next Tuesday, will not reside at any of the Honolulu hotels or beach resorts but will take comfortable quarters in the studio of the home of Mrs. Gould's grandmother, Mrs. Laura A. Conroy, on Richards street, between the University Club and the Central Union church.

The Goulds' two little daughters, Eleanor and Anne, however, will stay at the Moana hotel with their maids and nurses.

Gould has never been in the islands but Mrs. Gould has visited here often, but not since her marriage in 1911.

The Gould party intends to stay in the territory about two months.

Hall, who recently resigned to accept a position with the Honolulu Iron Works Co. Other officers elected were Alonzo Gartley as president, taking the position vacated by Wm. G. Hall, who held dual offices in the company, and John Waterhouse, who now is first vice-president in place of E. F. Bishop, resigned.

LODGES PROTEST ON CLUB'S PLAN OF PUUNUI ROAD

Route Chosen By Directors Menaces Seminary Grounds, Says Dr. Rhee

Directors of the Country Club face a lawsuit if they attempt to have the much discussed Puunui road cut through the grounds of the Korean Girls' seminary.

Dr. Syngman Rhee, principal of the seminary, this morning sent to the Star-Bulletin a copy of a letter of protest he is filing with the city. His letter, giving a new angle on the Puunui road controversy, is as follows:

"Korean Girls' Seminary, Puunui, June 29, 1916.

"The Honorable the Mayor and Board of Supervisors, City and County of Honolulu.

Gentlemen: I understand that the directors of the Country Club propose to have the upper road from Puunui to Nuuanu avenue cut through the middle of the grounds of our seminary.

"If this were done it would ruin the grounds for the purpose of the school and I protest most vigorously against the entertainment of any such proposal.

"Our school as an educational institution of great benefit to the growing youth, should not be discriminated against in favor of the Country Club, an association, with enormous property, conducted only for pleasure and amusement. Such a proceeding would amount to a scandal and reflect forever on the good name of the supervisors.

"The presence of any road running through these grounds would be such a detriment to them that my duty to the seminary would impel me to place the matter in my lawyer's hands to contest it to the utmost of his ability.

"Respectfully,

"SYNGMAN RHEE,

"Principal, Korean Girls' Seminary."

ALL DETAILS TO TRAINING CAMP NOW REVOKED

A cablegram received by the commander of the Hawaiian Department, U. S. A., today, copies of which have been forwarded to the various post commanders, contains the information that the order detailing certain officers in Hawaii to the citizens' training camp in the Department of the West, has been revoked.

This means that about 30 army officers stationed on Oahu, who were included in the order, will not leave for the mainland in the July transport as they had planned to do.

Sir Roger Casement Sentenced To Death For "High Treason"

Irish Leader, Who Returned From Germany to Launch Rebellion, to Die as Did His Companions Taken During Dublin Revolt

[Star-Bulletin Special Marconigram] LONDON, Eng., June 29.—Sir Roger Casement, found guilty of high treason for his part in fomenting the Irish rebellion, was found guilty today after a trial which, with its preliminary stages, has occupied many weeks. Immediately after the finding was announced, the court sentenced Casement to death.

Sir Roger Casement was captured by the British authorities before the outbreak of the revolt at Dublin but it was known that his mission to Ireland from Germany was to stir up rebellion. Casement was captured in Kerry. A peasant walking along the beach came on a stranded, evidently recently used, and reported the occurrence to the police station at Ardara. A sergeant and two constables went out to investigate, learned of three men who had been seen hurrying across the sand-hills, and after some search found Casement half hidden in the underbrush in an old Irish circular fort. He was taken without difficulty and shortly afterward removed to London. Casement reached Ireland in a small steamer said to be the "Flying Dutchman" and carrying arms for the Irish rebels. The vessel was flying the Dutch flag in Tralee Bay, on the Kerry coast, when picked up by a British patrol boat. A companion captured with Casement said that they had come from Germany in a submarine but this story is generally scouted.

STRIKERS INTERFERE U. S. VESSEL; SAY MISTAKE

[Associated Press Service by Federal Wireless] SAN FRANCISCO, Cal., June 29.—The waterfront strike situation took a serious turn today when striking longshoremen interfered with teamsters loading the U. S. supply ship Mars. The commandant of the Mars Island yard immediately wired the chief of police to request Governor Johnson to send out a call for federal troops, if necessary.

Chief White assigned a heavy guard of police and said that this would be sufficient to restrain any disorder. The union men declared that the interference with the loading of the Mars was a mistake and that there is no intention of interfering with U. S. warships or other naval vessels.

COLLECTOR SAYS PUBLICITY AIDS DRUG CAMPAIGN

Dr. F. K. Li May Lose License If Convicted, Says Board of Health President

"I wish to thank the Star-Bulletin for the publicity given this office in our crusade against the drug evil, and particularly in the Dr. Li case of yesterday. We believe publicity for this cause will result in practically stamping out the traffic in narcotics in these islands," said Collector of Internal Revenue John F. Haley today.

"Our campaign has been on for the months, and as a result, practically all physicians here have discontinued prescribing narcotics to habitués.

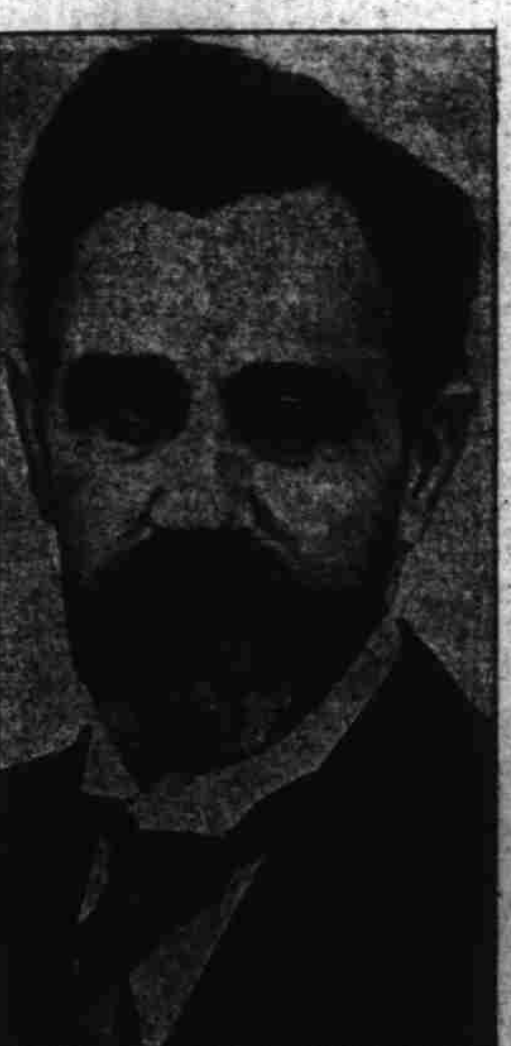

The collector added that the campaign illustrates strongly the fact that half the world does not know how the other half lives. He said that on the other islands his office is not experiencing the difficulty met on Oahu in stamping out the traffic in narcotics.

"If Dr. Li is convicted it may affect his license, resulting in its revocation," said Dr. John S. B. Pratt, president of the territorial board of health, this morning. Dr. K. F. Li was licensed October 30, 1896, almost 20 years ago.

"Naturally the board is in favor of the campaign being waged by the internal revenue collector's office," added Dr. Pratt. "He has done very good work and we are giving him every assistance in our power."

Li was released from the custody of the federal officials late yesterday afternoon on bond in the sum of \$1000. U. S. Commissioner George S. Curry will hold a preliminary hearing of the case at 2 o'clock on the afternoon of Wednesday, July 5. The physician

SIR ROGER CASEMENT

On the Irish rebels concerned in the revolt which broke out immediately after Casement's capture, and which had been pre-arranged, ten were sentenced to death and have been shot, according to the reports which have reached here, and at least 30 others have received jail sentences, some of them long terms of penal servitude. A number of death sentences were passed which were afterward commuted to life imprisonment, presumably because of the wide protest against the imposition of the death sentences on the leaders.

PLANS FINISHED FOR FINE ARMY POST BUILDINGS

Constructing Quartermaster's Office Sending Sets on to Washington Next Mail

By working night and day the constructing quartermaster's office has today completed plans and specifications for army buildings on Oahu at Schofield Barracks, to cost \$2,077,000, provided the sundry civil bill passes. The sets of plans will leave for Washington by the next mail Tuesday, July 4.

According to officers of the constructing quartermaster's office today, \$1,000,000 will become available July 1 if the bill passes, and the remainder the following year.

The plans as drawn by the local office provide for placing all the troops now in cantonments at Schofield Barracks in permanent quarters at Castner, and to that end the cavalry post, which now accommodates only two squadrons, is to be completed to take care of an entire regiment.

The large reinforced type of concrete barracks is to be continued for all regiments, and for officers' quarters the single-story bungalow type recently built at Forts Kamehameha and De Russy will be used for all future quarters at Schofield.

In the chiefs cases in police court this morning Ah Sam waived hearing and was committed to the circuit court; Ah Kwai was fined \$50; Tanaka, who is the prosecution's star witness, was given a suspended sentence and Ah Fong was sentenced to two months.

was arrested yesterday afternoon charged with five violations of the Harrison act, which forbids issuing narcotics to habitués.

AMERICAN TROOPS ARE POURED INTO BORDER COUNTRY; GUARD OF NEW MEXICO CROSSES LINE

Militia Sent to Help Pershing's Line of Communication--- Large Force of Carranzistas Near Guzman---10th Cavalrymen Half Naked and Worn Out When Turned Loose

[Associated Press Service by Federal Wireless] WASHINGTON, D. C., June 29.—Uncle Sam's demand that the 10th cavalrymen captured by Carranzistas at Carrizal be released has been complied with, but preparations for possible war between the two countries have not been slackened by the war department.

No developments occurred today in the diplomatic situation, and there was scant news of other developments on the border, but the situation is such that a match might start a train of powder firing hostilities.

Preparations are unremitting for actual warfare along the border, should eventualities result from the delicate situation admittedly existing.

Troops are arriving from many states and at all points of contact. One possible danger was learned of today when U. S. Consul Simplic telegraphed that during an anti-American demonstration yesterday in Nogales, Mex., just across the street from Nogales, Ariz., the consulate was entered and looted.

The resident ministers from Bolivia and San Salvador have renewed their offers of mediation, on behalf of the Latin-American countries. But they have been again told that pending a definite reply from Carranza to the last U. S. note of demand, no offer of mediation can even be considered.

10th Cavalrymen Released; They Show Many Signs of Hardships

[Associated Press Service by Federal Wireless] EL PASO, Tex., June 29.—Freed after their confinement of a week, most of the time in jail at Chihuahua, 23 negro troopers of the 10th Cavalry, together with W. Spillbury, a scout, were brought to the border, through Juarez, at noon today and turned over to the American military authorities.

There was little formality in delivering the prisoners, whose arms and accoutrements were given to them before they were released.

The prisoners had evidently suffered hardships during their forcible detention. Some of them had only trousers on. One had nothing but a shirt and a towel around his waist. Most of them had bandanna handkerchiefs on their heads. All were half naked.

Spillbury had a white duck suit, in marked contrast to his companions. All of them were worn with fatigue and drawn with hardship and serious, except one. He wore a smile and said, "We are sure glad to get back."

20,000 Guardsmen on Way to Border; 40,000 More Available

NEW YORK, N. Y., June 29. General Leonard Wood announced today that 20,000 national guardsmen of the Department of the East are en route to the border now and 40,000 more are awaiting orders, mobilized at various camps.

SAN FRANCISCO, Cal., June 29.—The majority of national guardsmen of California, and the entire national guard of Arizona, are now en route to the Mexican border.

New Mexico Militia First State Troops to Be Sent Over Border

COLUMBUS, N. M., June 29.—Three motor trucks of New Mexico guardsmen today shot across the line and went to the south. They constitute the first state troops to cross the border and carry arms upon Mexican soil. They were sent to help Gen. Pershing's troops guard the line of communication.

It is admitted that orders to send these troops across the line were issued after advices had reached the military authorities that a large force of Carranzistas was concentrating near Guzman, on the Mexican-Northwestern railway.

FUNSTON RUSHES MILITIA TO GUARD NOGALES

WASHINGTON, D. C., June 29.—In his official despatches last night Gen. Funston announced that he was sending the Maryland militia to Eagle Pass, Texas, and he wanted the Florida regiments at Del Rio, Texas, but owing to the inability of the state to start its troops some other arrangement will have to be made. The contingents from Maine and New Hampshire are ordered to Laredo.

The 2nd and 3rd Infantry regiments of the California guard, together with a battalion of artillery, and a command of cavalry have been ordered to entrain and proceed with all possible dispatch to Nogales, where the international quarrel bids fair to break into open rupture at any moment. The 21st Infantry is stationed there on patrol and has asked for reinforcements. It is possible that other militia will be ordered there as well as the California contingent, should it prove that more men are needed.

Revive negotiations?

The question of mediation, dropped for a time when the United States flatly refused to consider mediation on the matter of the release of the prisoners at Chihuahua, has been revived with the news that those men are to be released this morning. Sen-

or Calderon, Bolivian minister, announced last night that he intended to call on Secretary Lansing this morning and renew the advances of his government toward securing American permission to begin mediatorial negotiations.

Reports have reached here that extremely powerful foreign influences have been brought to bear upon Carranza before he would consent to the liberation of the American prisoners. Mexicans in the United States have added their efforts to those of foreign bankers and business men in Mexico. They are said to have telegraphed to officials of the de facto government that the United States had done with temporizing, and now meant business, and that the Mexicans would continue to antagonize this country at their own peril.

COLUMBUS, New Mexico, June 20.—The military and civil authorities here are convinced that the murderers of Mr. and Mrs. William Parker, a rancher, have succeeded in escaping the posse and patrols of cavalry that were sent after them, as soon as the news of the murder was received here. This decision was reached after the officials had investigated a report that six Mexicans had been caught on the American side of the line.
